Idaho Select Players Fund

Mission: to provide financial assistance to those players that have a real financial need and have demonstrated positive character, a strong academic drive and involvement in their community.

Players that qualify will be allocated some benefit to their team dues as determined by the Players Fund Committee. The player's application will remain confidential. **Additionally, the players that are awarded and the amounts that they are allocated will remain confidential.**

Applications must be turned in by June 11th with no exceptions.

Once the committee has reviewed all applications, players will be notified of any assistance that they will receive.

A completed application will include:

- ✦ A Players Fund Application
- ✦ The player's most recent school transcript or report card
- ✦ A letter of recommendation: This letter should be from someone such as a teacher, coach or someone in the community that can reference why you are a good member of your community and that you have a positive character
- ✦ An essay from the player: This essay should address what you have done for your community, examples of your good character and academic accomplishments. It should also address why basketball is important to you, why it is a positive element of your life and how you plan to use it to make your life and the lives around you better.

The Players Fund Committee will allocate money to players that apply based on their financial need, academics, character and community involvement. The amount allocated will not be more than 75% of the total team dues. Not all of the Idaho Select Players Fund needs to be awarded if it is not warranted. Remaining funds will be used for the next round of financial assistance.

The Players Fund Committee is made up of qualified individuals that understand the Idaho Select program and its goals. These committee members will not have children that participate in the Idaho Select program.

The committee will be given blind applications, meaning that there will be no names or identifying information on the applications. Decisions will be made based on the information on the application and the ensuing discussions that the committee has.

**Due date:
June 11, 2014**

Idaho Select Players Fund Application
